ARDON[®] REFIWAN[®]

SHORTS

ITEM CODE H6225 (dark grey)

MATERIAL Refiwan[®]Fibre: 58% cotton, 40% polyester, 2% carbon fiber

GRAMMAGE 220 g/m²

SIZE 46 – 64

DESCRIPTION

Work shorts complementing the ARDON[®] REFIWAN[®] collection. The optimal fabric weight ensures breathability, making them an ideal choice for production environments as well as outdoor use. The carbon fiber provides the garment with high durability and strength, along with antistatic properties. The functional pocket lines integrated into the seams eliminate material layering, featuring a design without visible zippers and a concealed waistband button. The shorts are equipped with two front slash pockets and two back pockets. The rear part is shaped with a yoke, and the elastic waistband allows for waist adjustment to fit various body types. The carefully crafted, anatomically shaped 3D Silhouette cut COMFORT FIT ensures a comfortable fit. Enhanced user visibility is provided by reflective strips on both the front and back sections. The garment contains no metal accessories and is designed for industrial laundering. Compatible with the ARDON[®] REFIWAN[®] ID card.

The ARDON[®]REFIWAN[®] shorts do not meet the requirements of EN 1149-5 and EN 61340-5-1 standards. They offer only basic protection against dust and surface-level mechanical effects and are therefore classified as Category I personal protective equipment.

Not certified for antistatic properties. They differ from the rest of the collection.

This personal protective equipment complies with the requirements of the following harmonized standard:
EN ISO 13688:2013/A1:2021 Protective clothing – General requirements.

The ARDON[®]REFIWAN[®] collection meets health safety requirements and is certified according to OEKO-TEX[®] Standard 100.

The service life depends on the degree of use and the rate of wear in the given conditions. Improper storage conditions, improper maintenance and care shorten the service life. The warranty period is 24 months. In no case should the warranty period be confused with the service life of the product. With intensive use, the service life may be shorter than the warranty provided.

The product does not contain any substances in concentrations that are known or suspected of adversely affecting the hygiene or health of the user. However, skin irritation is not excluded for sensitive people, in which case do not continue to wear clothing. Avoid fire and sources of intense heat.

No accessories or spare parts are intended for these garments. If clothing is not in use, it is recommended to store it in a dry and well-ventilated area away from direct sunlight.

Transport preferably in the original packaging, protect from moisture and extreme temperatures. Dispose of ecologically after use.
